Thank you for visiting Family Findings. I'm researching many of the original families of New England and Canada. My special interest is Washington County, New York. These pages will be used to share previous research and as a way to connect with others sharing the same family lines.

Genealogy would be nothing without history, so I've included some book transcriptions of local histories. I don't have them all fully typed, but maybe you'll find exactly what you're looking for.

I also enjoy digital scrapbooking and you can see some samples on my "Heritage Scrapbook Pages" blog. Digital scrapbooking is like traditional scrapbooking except the entire page is made in the computer. It's a lot of fun!

So look around and let me know if you're a "cousin" or you find something interesting.
